Grade Level: 8 - 12

Customer Reviews

Very happy with this text book! Well written! Can self teach the way Algebra is taught in this book! Was also happy with the quality of this used addition!

My daughter used the textbook for a summer class and got great use out of it. The bonus is that I didn't need to purchase a new textbook for an 8-week summer class.

It was worse than stated. Cover was coming off with damage. I had to use masking tape to hold cover, and used white off for the stamp and markings.

Arrived sooner than expected. Great job!

I was so impressed when I received this book. It looked brand new, yet it said used. Got it quickly too. Thanks!
