Nathan Hale entered Yale College at the age of 14 and graduated three years later with high honors. He was teaching school in New London when the Revolutionary War began and after Lexington joined the 7th Connecticut Regiment of the Continental Army, attaining the rank of sergeant rather quickly. He was a captain when General Washington came looking for officers for intelligence gathering. He needed someone behind enemy lines feeding him information about troop movements. Good book, sad ending. Hale was only 21 when he was caught and executed.

I am a teacher and my students absolutely love these books! I would give them 5 stars, but they are cheaply made and pages start falling out after only a small amount of use.

My 11 year old loves these books!
