# Global Corporate Finance: A Focused Approach: 2nd Edition

## Synopsis

Global Corporate Finance, 2nd edition written by a son-father team introduces students and practitioners to those principles essential to the understanding of global financial problems and the policies that global business managers contend with. The objective of this book is to equip current and future business leaders with the tools they need to interpret the issues, to make sound global financial decisions, and to manage the wide variety of risks that modern businesses face in a competitive global environment. In line with its objective, the book stresses practical applications in a concise and straightforward manner, without a complex treatment of theoretical concepts. Instructors who want students to possess practical, job-oriented skills in international finance will find this unique text ideal for their needs. Suitable for both undergraduate- and graduate-level courses in international finances, this book is clearly the "go-to" book on one most important aspect of corporate finance. The revised, 2nd edition offers updates to the chapters, answers to some end-of-chapter problems, and a number of practical case-studies. It also comes with a complete set of online ancillary materials, including an Instructor's Manual, a test bank of 500 multiple-choice questions, two sets of PowerPoint lecture slides, and separate, detailed lecture notes. The ancillary materials are available upon request for instructors who adopt this book as a course text.
