I love these meditations! They are so very useful to me to calm the mental stress of my daily life and bring me back to my center. They are not too long so I can easily work them into my busy schedule unlike so many others; I have just enough time to commit to using them. They are to-the-point with each word from Marianne deeply significant and moving. I am so encouraged by these to bring my best self to my: morning, evening, relationships, work, health, etc. Thank you Marianne!! You've done it again-- delivered a meaningful and helpful five star series that I can listen to over and over..

I like this. I used to listen to her original morning and evening meditations. She has expanded that idea to include some other meditations as well with topics such as Forgiveness, Health, Work and Finances. I enjoy it quite a bit. If you like Marianne Williamson and her "little ball of golden light" meditations, you will like this.

Marianne Williamson never fails to uncover the truth and convey its message to her audiences. These meditations are designed to help deal with the everyday perils of life, that if we are unaware, can keep us bound in fear and pain. A must have for those who are trying to experience the freedom of Heaven on earth.

I use these meditations every day. One of the easiest meditation tapes to use. It is more of a prayer than a guided meditation. Wonderful! Soothing.

This two cd set is wonderful! I use it almost every day. There are meditations for all your every day scenarios. The key to living a happy loving life is to let go of the all the negative things we tend to hang on to in our lives. This set helps you to be able to let go of those things you do not need any more. I would highly recommend this set for any one.

I'm so new at meditation and this tape has literally 'saved' me in terms of returning peace to my life. I listen to the message in the morning while I'm having my coffee and the words seem to permeate my day with beautiful thoughts and images. I didn't know where to go to begin with adding meditation to my life and Marianne showed me the way. I'm also a devout Christian and I was somewhat 'uncomfortable' with Eastern techniques. Marianne's tape fit me perfectly. HIGHLY recommend it, especially if you don't know where or how to fit meditation into your life!

Marianne Williamson was recommended to me by some one and I am so glad that I took her advice. If you have trouble forgiving, calming down or just being happy even during hard times, this is the CD for you. Listen to it every night and every morning and you will have a better life. Peace and blessing to Marianne Williamson. You bring peace to my life when I have nowhere else to turn.

This book brings me back to reality. Whenever I feeling alone and separated, Marianne reminds me how important it is to meditate and how absolutely imperative prayer is in order to have a relationship with the Almighty.
