Customer Reviews

This is OK, not as much fun as the other fly guy books, but it's educational. However my son prefers to read the Fly Guy adventures instead of Fly Guy "Presents" series. Hopefully Ted Arnold authors more original Fly Guy books.

My kids love all their Fly Guy books. We have every one in the series, and we've pre-ordered everything scheduled for future release. My boys are 4 and 6yrs old, but the younger one was introduced to Fly Guy early from his big brother, so he's loved them since he was 2.

My 4.5 yr old son cannot get enough of this book. He wants to know when the shark one is coming,

which I have ordered but will not be here until tomorrow. The images are clear and bright, but the cheaper paperback nature does mean that if your child is rough on books you may want to pick up two or be prepared to replace it. My son has read this once every day for about two weeks and we have no loose pages or anything, yet.

My 4 year Old son loves this book. We learned that in an. Emergency we call 9-1-1! Now I just hope he doesn't call in a non emergency!

My 8 year old LOVES Fly guys books We are working on collecting them all! We bought them for school reading and he really enjoys them!

My kids like reading this series. My son is in kindergarten and was helping me read this to him and his little brother.

Great kids book. My 7yr.old. loves to read and he loves all books especially Fly Guy. The delivery service was great.

my grandson has just started to get in to readinghis favorite books are "Fly Guy" books. Perfect gift.
