Customer Reviews

Oh how I wish John the Baptist did not sound so old! He was only supposed to be around 30 years old but sounds 60. This is still great besides some of my criticisms I have like the same female readers over and over again. and has been out for a long time, would like to see a redo to fix silly things like that, I would buy it since I've been listening to this for years and years. Navigation - terrible. I have a guide I made for myself a bit more detail than the last post.
