Hot Hot Hot

Synopsis

Looking for an escape from the heat? Kids will laugh out loud at the lively illustrations in Neal Layton's tale of two fun-loving, enterprising mammoths. For wild and woolly mammoths like Oscar and Arabella, playing in the ice and snow and arctic winds of an Ice Age winter is the coolest fun. But when the snow starts to melt, and thousands of brightly colored plants sprout up and irritate their eyes, and insects are swarming, and it just gets hotter and hotter and hotter, it seems there's no end to their misery. Then one day, the shaggy pair comes up with a bright idea. It may be a close shave, but it looks like they've finally found a way to enjoy the hottest summer ever!

Customer Reviews

My three year-old son and I really like this book. It's silly and quirky. A simple little fun book which will introduce kids to mammoths that lived during the last ice age.

I like the book "Hot Hot Hot". Neal Layton is the author and the illustrator. The book is about the Ice age. In the summer it gets hotter and hotter. Oscar cuts his hair. He cuts Arabellas too. I think children would like this book
