Many Miles: Mary Oliver Reads Mary Oliver

Synopsis

Following the success of *At Blackwater Pond*, this second CD from best-selling poet Mary Oliver contains a selection of thirty-seven previously published poems and four as yet uncollected, read by the poet in her steady, magnetic voice. Oliver recites from the full range of her poetry—from her classic nature writing, to her verses for her mischievous bichon Percy, to her ever-deepening spiritual poems. The CD comes in a handsome full-cloth package that includes a booklet with an introductory essay by the poet on the magical dynamic between speaker and listener, a table of contents, text of the title poem, and a photo of the poet. *Many Miles* will be a most welcome addition to the collections of her readers.

My words are way too shabby to comment on this wondrous CD. I love it, as I love Mary Oliver's poetry. Her voice brings her poetry to life in another way. If you wish to be transported into what we are really called to be, try this and let it lift you to another height.

MARY Oliver reading Mary Oliver - what could be better? I love her work and to hear her read is to get a new perspective on poems that I've read many times.

I loved hearing Mary Oliver's voice. She reads so beautifully. I liked the selection of poems and listen to it frequently.

I love Mary Oliver's poetry very much. Even though she can be very repetitive, and this is no exception, it was wonderful to hear her voice and get more of her emotive side

I enjoyed listening to the author read her poetry. A treat that I will enjoy again and again. There's nothing like listening to a poet read her own work.
