The Screwtape Letters: First Ever Full-cast Dramatization Of The Diabolical Classic (Radio Theatre)

Synopsis

From the award-winning audio drama team that brought you Radio Theatre's Amazing Grace and The Chronicles of Narnia. In his enduringly popular masterpiece The Screwtape Letters, C. S. Lewis re-imagines Hell as a gruesome bureaucracy. With spiritual insight and wry wit, Lewis suggests that demons, laboring in a vast enterprise, have horribly recognizable human attributes: competition, greed, and totalitarian punishment. Avoiding their own painful torture as well as a desire to dominate are what drive demons to torment their patients. The style and unique dark humor of The Screwtape Letters are retained in this full-cast dramatization, as is the original setting of London during World War II. The story is carried by the senior demon Screwtape played magnificently by award-winning actor Andy Serkis (Gollum in Lord of the Rings) as he shares correspondence to his apprentice demon Wormwood. All 31 letters lead into dramatic scenes, set in either Hell or the real world with humans aka the patient, as the demons say along with his circle of friends and family. This Radio Theatre release also stars Geoffrey Palmer (Tomorrow Never Dies), Laura Michelle Kelly (Sweeney Todd), Eileen Page (The Secret Garden), and other world-class actors. Includes 10 new songs inspired by the classic book, four behind-the-scenes video documentary featurettes, and a 5.1 surround sound mix. Four CDs, approx. 4 hours total.

Book Information

Series: Radio Theatre

Audio CD

Publisher: Tyndale Entertainment; Com/DVD edition (October 1, 2009)

Language: English

ISBN-10: 1589973240

Customer Reviews

I have to be honest. When I come across something that takes me by surprise, I don't think I can do it justice. That is the case with Focus on the Family's Radio Theater version of The Screwtape

Letters by C.S. Lewis. The Screwtape Letters were a series of letters that C.S. Lewis wrote about Screwtape to his nephew Wormwood--both workers for the Devil about how to effectively lead people to Hell and away from God. They were originally published separately in a magazine and then compiled as a book. I think the release of this audiodrama is very timely in our culture today. It brings to life C.S. Lewis' book from 60+ years ago. What amazes me so much about it is how true it remains today--even about our culture! I thought beforehand that there would be some very insightful comments made in it, but I had no idea how many! I have not read the actual book, but it is on our bookshelf so I picked it up after listening to the audiodrama. It is amazingly true to the book. It is not a drastic abridgement as I had expected. The language they use is true to the book and the way Wormwood and Screwtape talk is also true to the book. There is one particular point that struck me today that I didn't want to forget to mention. It was when Screwtape tells Wormwood that the best road to (Hell) is a very gradual one--not one marked by huge sins. Huge sins make people aware of their need for God. The gradual road (in my words) is like the frog in a pot that comes to a boil gradually--so he doesn't know he's dying. What most struck me as I listened was that what Screwtape was really talking about is Cynicism. Cynicism is the Devil's best way to turn us away from the Lord. C.S. Lewis used other words, but essentially, that is what he was talking about.

I am a HUGE fan of dramatic audio books. Audio books who have a narrator that does different voices are great (Jim Dale reading Harry Potter is an experience everyone needs to experience) but ones that have multiple actors and sound effects is like listening to a movie in your head. And the grand master of dramatic audio is Focus on the Family Radio Drama. They have put so many high quality titles ranging from beloved literary classics to original stories to historical events. I cannot get enough of them. Their production of the Chronicles of Narnia series is one of my absolute favorites. Therefore I was excited to hear that that they would be bringing another CS Lewis classic to audio life. I'll be honest, I have never actually read the Screwtape Letters before. I've been meaning to but I've never gotten around to it. I had a bare bones idea of what the plot consisted of but I pretty much dove in mostly unaware. Well first off, I was extremely geeked that Screwtape was going to be played by none other than Gollum...er...Andy Serkis . His performance is totally awesome. He really gets into the role and you can just picture everything immediately. The voice cast is extremely talented and the sound effects really bring everything to life. I mean I could really see Screwtape and Wormwood talking or visualize the bombs over London. Just the story itself is incredible. Seriously I think that everyone needs to read/listen to this book. It totally makes you think about everything you do and think about. Even if you're not a Christian, it's a good read. CS Lewis is

simply brilliant the way he came up with this work. The reverse viewpoint of looking at things is just genius. What I thought was interesting is that Wormwood could do nothing to please his uncle.
