Customer Reviews

These cd's and DVD's with colorful sticker books(I purchased 3 in French, Spanish and Italian) are the best way I've found to provide a spark of interest and variety of interactive methods in early foreign language learning. These cd's are great not only for the youngest of children, but also for pre-teens and teenagers. My oldest children, ages 15,14 and 13 have been learning other languages on commutes back and forth to school since they first started school years ago. I had originally owned a tape of the collection way back then and thats what prompted me to look for it on . The addition of the videos allows for extra learning and are fun to watch for my younger 2 year old twins(the video appear fo be filmed in Europe in the 80's and prob won't be too entertaining for teenagers). The lyrics provided in the paper books help me to teach the words to the younger kids.

Lyrics are also provided in the closed caption option. There are stickers for each of the 19 songs and my children have yet to use all of them on each page. The price can't be beat and I received my shipments in 2 days time. I highly recommend this product.

great educational material

a wonderful way to learn Italian....the songs are jazzy but contain words relevant to the song....the counting song helped me get the numbers straight. I purchased 5 copies for nephews and friends.
