Nora Roberts - Bride Series: Books 1-4: Vision In White, Bed Of Roses, Savor The Moment, Happy Ever After (Bride (Nora Roberts) Series)

Synopsis

Four childhood friends have teamed up to form Vows, one of Connecticut's premier wedding planning companies. Parker, Emma, Laurel, and Mac have become experts at making every bride's dreams come true. But when they're faced with the whims of their own hearts, things never go as planned. Vision in White With bridal magazine covers to her credit, Mackenzie Mac Elliot is ready to capture the happy moments she never experienced while growing up. Her father replaced his first family with a second, and now her mother, moving on to yet another man, begs Mac for attention and money. Mac's foundation is jostled again when she bumps into the bride-to-be's brother in an encounter that has them both seeing stars. Bed of Roses Since she was a little girl, Emma Grant has always loved romance. So it's really no surprise that she has found her calling as a wedding florist. And on the surface, Emma's love life seems to be thriving. Though men swarm around her, she still hasn't found Mr. Right. Jack Cooke's been best friends with Parker's brother for years, which makes him practically family. But the architect has begun to admit to himself that his feelings for Emma have developed into much more than friendship. Savor the Moment Laurel McBane believes in romance—in theory. But she's too low-key to appreciate all the luxuries that other women seem to long for. What she does appreciate is a strong, intelligent man, a man just like Parker's older brother, Delaney Brown, on whom Laurel has had a mega crush since childhood. When Laurel's quick-silver moods get the better of her—leading to a mind-blowing kiss with Del—she'll have to quiet the doubts in her mind to turn a moment of passion into forever. Happy Ever After No man has rattled Parker Brown in a long time, but the motorcycle-riding, raven-haired mechanic Malcolm Kavanaugh seems to have a knack for it. His passionate kisses always catch her off guard, much like her growing feelings for him. Parker's business risks have always paid off, but now she'll have to take the chance of a lifetime with her heart.

Customer Reviews

The books themselves fit firmly into my "beach reads" file, for which I refuse to pay more than \$5 a pop, so while I actually enjoyed these books (and I'm new to this genre and was a complete skeptic) I'm confused as to why the quartet is so expensive. 1) E-books should by rights be cheaper than print--There is no printing, shipping, stocking, etc that normally go into the price of print books.2) Purchasing the books individually is cheaper.3) Normally, you get a break when you buy a bundle...Definitely not the case here.Don't get me wrong, I think you should read and even buy these books. They're perfect for a lazy Sunday or anyone who have weddings on the brain, and there's a little something for women with different personalities. Just maybe don't buy THIS bundle.

I stumbled across this box set by accident. I read about Bed of Roses and it being the second books so looked further for the rest of the series. Once I had purchased and it had arrived it took me 3 days to read all 4 books. The books are probably the best books I have read in a really long time. I loved the stories, the characters and didnt want it to end. I wish Nora Roberts would right a follow up book for the girls or that we would see a movie made from the books.

Nora Roberts' books are always a good read but I don't understand in this case why the bundle Kindle price is more than the total of the individual Kindle prices for the books. I know it says the price is set by the publisher but it does not make sense.

This is such a great book, that I look forward to going back and reading these stories again like some that I already have, and I am impatient to read the rest of Nora Roberts' stories right now. Hot, Hot, Hot, love scenes, a well written, creative and intriguing story about family plus inventive, vivid characters, all on top of seriously wonderful love and romance. Each story is about one key person, usual in a family, or close group of friends, they are linked through intricate, messy links and it's almost like a movie you get the privilege of witnessing about these people's powerful, emotional, and often times painful journey towards falling in love. Roberts is one of my most favorite author's,

and she doesn't disappoint in this series. Her unique style and classy, yet moving love scenes, paint a beautiful picture that leaves a person longing for something similar for themselves. All of that is combined into this fantastic series and make this book a "must-have"!!!! I didn't want to set it down....seriously!! Lol I was nodding off over my book on several different occasions. Worth the price and more to have a Nora Roberts book in your library collection!!!!!!

I can't begin to describe the enjoyment I had in reading this series. A good book is like a good friend, difficult to leave alone. I was not nearly ready for the stories to end and I like the intertwining of the four stories with the four young ladies who fall in love and become engaged to be married. It just so happens that they own and operate a bridal business including their own venue. An excellent read! We already know Nora Roberts' reputation for consistently superior novels, this quartet will not disappoint. Margo Olson Turner

This is my second go-round (ok, its really the 3rd) for The Bride Quartet. These stories hold up, the women are very much like a few women I know. The men are YUMMY - way too yummy - but somebody's gotta appreciate them and I do! I do! Give yourself a treat: the books and the time to read them. You deserve it.

We with a good set of girlfriends from elementary on... Can relate to keeping close to our friends... But then to run a wedding planner business and have a great ending for all four girls... Was just fun!

Light and entertaining. I like the books on CD to listen to when I am in the car. It makes driving so much more pleasurable. The narrators are usually excellent and they read with a lot of inflection and passion. I enjoyed these very much. And of course I just love Nora Roberts/J.D. Robb books in any form.
