Customer Reviews

I bought this book for my three-year-old daughter who loves bedtime stories. I like to read to her Spanish books so she can learn a second language. She is able to understand the story and answer all my questions. The book has big colorful images and is very easy to read. I highly recommend this book.

Like most parents, I want my child to pick-up another language, but we don't speak Spanish in our home or enough to really make an impression. I thought I would buy a few of these story books to

help me do it more often and give some exposure to the language in a fun way. These books have great pictures, both spanish and english text and are perfect for little readers and parents. Great buy!

My daughter loves this book. Magnifica version en Espanol. The pictures in the book are great to keep your little one interested in the story. Mi bebe nunca se cansa de que le lea este libro.

This is a classic story that belongs in every child's library. I read both versions to my daughter for her dual language kindergarten nightly reading.

This book is well-written and translated. Too many of these bilingual tales are poorly translated but this one won't disappoint.

Overall the story is a little bit short but the translation is good and the pictures are great! I love reading this to my one and a half year old son in both english and spanish!

Great inexpensive books to read to my daughter...love that I can read them in my native language, Spanish...and my husband in English. Great buy!

My son loves this book because it is the classic tale of Goldilocks. I love to work in some of the Spanish words to expose my son to other languages! Great series :)
