This is a two CD set each CD is 30 minutes long. The second CD is for the "music discovery book", I love this CD, it is just perfect for group music classes and it is a fun CD for kids to just listen to. There are 25 songs: a hello song (mentions mozart mouse and beethoven bear), a goodbye song (could be used for any program), 8 rhythm instrument songs, 5 movement/music appreciation songs, and 8 listening/ear training songs. The first CD is essentially a "book on CD" of the "music lesson" book and I don't see why you would ever use it because a teacher could read the story herself much more entertainingly.

The Discovery CD has songs for singing and movement. There are some original songs as well as familiar tunes. The Listen and Sing examples are short, easy songs to help students learn solfeggio

syllables la-ti-so-re-mi. The Lesson Book CD tells the story of Mozart Mouse and Beethoven Bear exploring the magical music book as they learn to play piano. Children play with their plush toys and play piano/keyboard along with the lessons. The lessons are well organized and fun for very young children. Some of the songs on the Discovery CD include:Hello SongIf You're Happy and You Know ItRacing CarClownin' AroundFinger Play SongHickory Dickory DockMexican Hat DanceBeethoven's Rage Over the Lost PennyMozart's Variations on Twinkle, TwinkleOld MacDonald Had a FarmMister Elephant's Funky DanceSousa's Stars and Stripes ForeverGiant's LullabyDo Re Mi Tapping SongMinuet in FBeethoven's Symphony No. 5Twinkle, Twinkle Little StarPut the Beat in Your FeetGoodbye Song

Wonderful way to get started on piano for young children. Kids love the songs, the interaction and the CD that goes with the books. As a piano teacher, I recommend getting the whole set which includes the Lesson Book, the Workbook, the Discovery Book, and the CD set. This is what I love to use with young children (ages 5-7) and I would say is the best method book set out there to start out with.

As a lifetime piano teacher, I love this child-friendly piano method for young children. Content is rich with a variety of musical experiences. And I have fun too with Mozart Mouse and Beethoven Bear. Its great to see the level of interest and readiness of a student.

We are very happy with this series. My son has special needs and benefits from music therapy weekly. This series teaches about musical concepts with a story book format. We also bought the companion CD and stuffed animals.

This CD is absolutely awesome. My daughter loves listening to the stories of Clara Schuman Cat, Beethoven Bear and Mozart Mouse. There are stories to listen to as well as wonderful renditions of the songs in the book. They have two differently played songs which helped my daughter a lot. It would be nice to have one of the renditions have the songs sung. Having to learn 10 songs for her recital with every song using the same 5 notes made it difficult for her to remember them all as they sounded so similar.

Just like the previous reviewer says, the two CD's are great in contents. For some reasons, however, my set came with labels switched around. The one that said "Music Lesson Book 1" was

actually for "Music Discovery Book 1" and vice versa. There must have been a mistake at the manufacturer.
